You Still Got Me

Savior With A Razor (feat. Slash)

Written & composed by Beth Hart & Rune Westberg

Bad behavior's going round • Like a siren with no sound
And it's taken my buzz down • I'm a taser, like a savior
With a razor, I'm takin' the devil down • Devil down

Put some Benzos in my bowl • Take a deep breath, swallow whole
I got all night, in a hole • I'm a taser, like a savior
With a razor, I'm takin' the devil down • Devil down

Chorus: I'm only lonely in the crowd • Strangers and faces tear my gown
War in my mind turns up the • Heaven's sirens, roaring lions
Takin' the devil down • Devil down

Dig my bad bones out the trash • Sell my sick soul, keep the cash
Kiss the preacher, kiss my ass • I'm a rager • Like a savior
With a razor, I'm takin' the devil down • Devil down

(Repeat chorus) • Yeah, Devil down • Devil down, haha

Lickin' fingers for presidents • Fixin', counting decadence
Money's guilty, innocence • I'm a failure, I'm a savior
I'm a, I'm a dirty ole bitch • Dirty ole bitch

I'm only lonely in the crowd, mmm mmm mmm • Strangers and faces tear my gown, mmm mmm mmm mmm • War in my mind turns up the Heaven's sirens, roaring lions • Fuck the light on! Keep the fight on • ON!
I'm takin' the devil down • Devil down *(x3)*

Suga N My Bowl (feat. Eric Gales)

Written & composed by Beth Hart & Rune Westberg

Chapped lips and cigarettes • Hard liquor and cake in bed
The good life so fabulous • Suga, suga n my bowl

Fast cars and Adderall • Back stabbin' and booty calls
The good life ain't bad at all • Suga, suga n my bowl

I can't help it • I can't help it • I gotta have some suga • Suga n my bowl

Juiced up and doubled down • Didn't come to dick around
So get it up and lay it down • Suga, suga n my bowl

Wearing my crooked crown • Bare footed in a tore up gown
Stomp rattle and strut around • Suga, suga n my bowl

I can't help it • I gotta have it • I gotta have some suga • Suga n my bowl

I gotta habit • I can't help it • I gotta have some suga • Suga n my bowl

Some survive it dirty • Some survive it clean • Ooh, ooh
Some make it pretty • Some just make a scene • Ohhh ohhh ohhh,
mmm mmm mmm • Suga, suga n my bowl

I can't help it • I gotta have it • I gotta have some suga • Suga n my bowl
Ooohooo • In my bowl • Ooohooo • In my bowl
Ooohooo • Gotta have some suga • Suga n my bowl

Never Underestimate A Gal

Written & composed by Beth Hart

He was a real gargoyle of a man • That captured that beautiful girl's hand
She fell like flowers from a cup • She let the mad man fill her up
He was a dream, he was a dream • He was a big old nasty thing • (whistle)

He flew over the wide open field • He taught her how to walk, talk, and feel
She never had a chance, you see? • She had no swing to set her free
Only a dream, only a dream • Only a big old beautiful thing

He led her down the corridor • Imagination folk and lore
Like so many little birds before

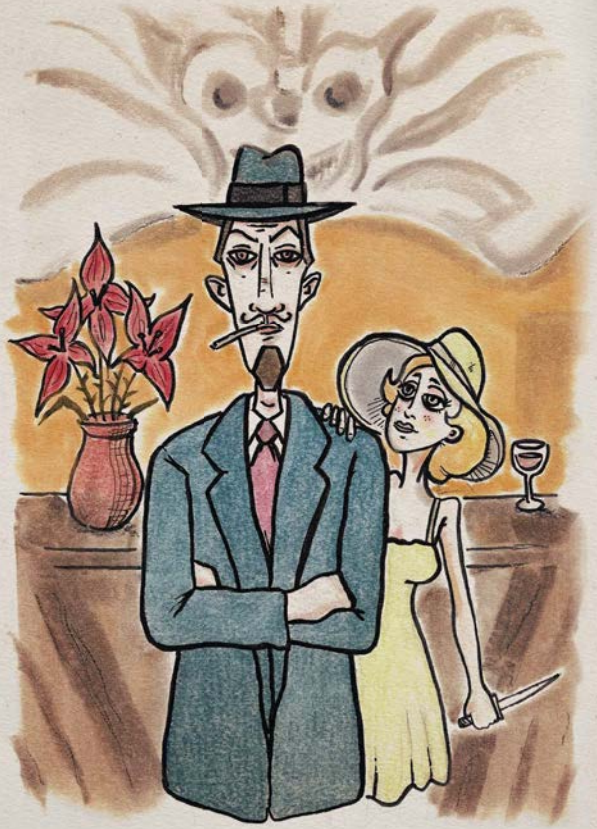
Secrets that she'd never tell • He was impressed she learnt so well
Never underestimate a gal • Never underestimate a... gal

She decided to enjoy the ride • She threw her cape over her brighter side
She tossed her innocence to the wind said "come on man, let's do it again"
It's like a dream • It's like a dream • It's like a big old nasty thing" • (whistle)

Where to next, she'll never know but I'm sure it's a hell of a way to go
With her mouth shut down, chin propped up high, she'll figure out another alibi
Another scheme, another dream • Another big old nasty thing

She led him down her secret den • Like so many simpleton
He never knew or saw what was comin'

Secrets that he'd never tell • Underneath the Swiss Canal
Never underestimate a gal *(x3)* • (whistle)



Drunk On Valentine

Written & composed by Beth Hart

Sunday apple wine • Drunk on valentine • In his easy chair • I'm lite as a feather • Slipping off my dress • The one he likes best • Jasmine in my hair • I'm soft as powder

Chorus: My blue, blue all the time • My blue valentine... • Cryin' for you is all that I do • But cryin' feels just like flyin' • I'm drunk on valentine

The sun may never shine • The rose may never climb • But you always got my fine • Wild cherries on your mind

Been dripping from the moon • I've been all afternoon • Melting in your hands like • Smooth jelly, slow jam

(Repeat chorus)

There will never come a day • I don't cry for you this way • And thank the Lord above • For giving me goddamn good love

Like ribbons in the sky • Like birds of paradise • Your beauty so profound • Not even the rain can make a sound

(Repeat chorus)

Mmm mmm mmm ooh • Ooh whoa, ooh whoa, ooh whoa • La la la laaa, la la la, la la la, la la la, la oh oh... • Sunday apple wine • I'm drunk on valentine • In his easy chair • I'm lite as a feather

Wanna Be Big Bad Johnny Cash

Written & composed by Beth Hart & Glen Burtnik

Cool and quick and whiskey on his breath • Singin' songs like he was cheatin' death • Howlin' at the dark side of the sun • Louder than a madman waves a gun

And when I've seen him take the stage • I just knew it right away

Chorus: I wanna be Johnny • In a big black Cadillac
With my road trash army • And a cocktail waitress on my lap
And the whole damn world can kiss my ass • Wanna be big bad Johnny Cash

Elvis is alive or so they say • Marilyn Monroe she's just… okay
I don't know enough about James Dean • But Johnny is the man that I wanna be

And when I haven't got a clue • I ask myself "what would Johnny do?"

(Repeat chorus)

Big bad Johnny Cash *(x3)* • In a big bad, big bad Cadillac, Cadillac, yeah!

In a big black Cadillac lookin' like a badass!

(Repeat chorus)

I wanna be big bad Johnny Cash • I wanna be big bad Johnny Cash
Ba-da-da-dum-dum

Wonderful World

Written & composed by Beth Hart & Rune Westberg

Come lay it on me • Lay back and be • All yourself cuz that's what I wanna see
All of your joy and all of your dreams • And all your fears of what they could mean
It's alright with me • You're alright with me • I'm just living for you
I'm just living for, I'm just living for... you

Chorus: It's a won, won, won, won, won, won, wonderful, wonderful world
To live in, living just for you • It's a won, won, wonderful, wonderful, wonderful world • To live in, living just for you • *Just for you

If your troubles and doubts • Are freaking you out • And you feel like the sky's gonna crack • Into blue shades of black • Baby, I got your back
And whatever you wanna be • Whatever you need • You're alright with me
I'm just living for you • I'm just living for, I'm just living for... you
I'm just living for you • I'm just living for, yeah I'm just living for... you • Yeah!

(Repeat chorus)

I shout it out loud • I shout it out loud for the whole damn world • Oh, oh, oh, oh!
I shout it out loud for the whole damn

(Repeat chorus) • *Living just for you

I'm living just for you *(x2)* • And it's a wonderful world • Yeah, it's a wonderful world • It's such a wonderful world • A wonderful world, just for you

Come lay it on me • Lay back and be • All yourself cuz that's what I wanna see • All of your joy and all of your dreams

Little Heartbreak Girl

Written & composed by Beth Hart

Little heartbreak girl • Crush them string of pearls • And watch 'em cry down
the kitchen drain • With your whiskey cup • Fast talkin' giddy up
You got a fire that could scare the rain • It's a long life • No matter what them
losers say • So get it wrong or right • It doesn't matter either way

Little heartbreak girl • You're on your own • Little heartbreak girl • Blow up the phone
Little heartbreak girl • You trashed your plans • Little heartbreak girl • Don't
need a man • Little heartbreak girl • You're gon, you're gonna conquer the world

Little heartbreak girl • It's a lonely world • I know these days ain't been sweet on you
With your heart shaped box • And all those party rocks • And all the games
you've been trying to lose • It's a lotta road • And it's a longer way down
But there's a house of hope • Where all the boys gather round

Little heartbreak girl • You're on your own • Little heartbreak girl • Stronger than
stone • Little heartbreak girl • You trashed your plans • Little heartbreak girl
Don't need a man • Little heartbreak girl • They want you back • Little heartbreak girl
Don't give a crap • Little heartbreak girl • You're gon' • Gonna conquer the world *(x3)*

1234567 • She can't wait to climb to heaven • Spread her wings and watch her
fly away • She's much more than flesh and bone so tell the heart she's coming home
Tell it now before it's all too late

Little heartbreak girl • You're on your own • Little heartbreak girl • Blow up
the phone • Little heartbreak girl • They want you back • Little heartbreak girl
Don't give a crap • Little heartbreak girl • You trashed your plans
Little heartbreak girl • Don't need a man • Little heartbreak girl • It's just a little
hole • Little heartbreak girl • Something for the soul • Little heartbreak girl
You gon, you gon... You gon' conquer the world • You gonna conquer the world! *(x3)*

You Still Got Me

Written & composed by Beth Hart

He asked me if I need a hug • I said, “I got nothin' inside left to love” and then he said • “But baby ya still got, baby you still got me” • Then he asked me if I need a friend • To have and to hold until the bitter end • Cuz I got you and baby, baby, baby, baby, baby • You still got me

Chorus: There’ll be sweet dreams, waiting to come true • If you let me in, if you ask me to • Sweet songs, that will live on and on • If you let me in, if you ask me to • I will love you strong, but if you can’t get free… You still got me

He asked me to lay in his arms • But I was afraid of being harmed, and he said **“**But baby now, baby now you got me” • Then he asked me, if I would stay All night and all goddamn day • Cuz I got you and baby, baby, baby, baby, baby, baby • You still got me

(Repeat chorus x2)

You still got me • You still got me • Ooh, ooh, ooh, ooh
You still... got me • Ooh, ooh, whoa, ooh, ooh whoa

He asked me if I need a hug
I said “I got nothin inside left to love”, then he said
“Baby you know, you still got me”

PS: I love my husband, THE BEST EVER ♥

Pimp Like That

Written & composed by Beth Hart

I like to ride on the river • In my big bad Cadillac • Yeah, I be fly, I be fly and pimp like that • I wear my gold on the river • Keep my bitch in the back Yeah she be fly, she's all mine • We're pimp like that • Pimp like that

Keepin' it live on the river • 12 gauge off the rack • Be shootin dice, champagne on ice • Yeah, it's like that • The world is mine on the river Got my Benjamins stacked • You don't have to lie • Love never dies When you're packed like that • Pimp like that

On the river I be a king • I'll be livin' the dream In ecstasy, you won't believe • Or seen a pimp like me • (Giggle)

Nobody cries on the river • We swallow suppression for a snack We stay alive, more than survive • Cuz we're pimp like that

Keepin' it real on the river • Roxanne be spittin' rap Real stupid rhymes, real super fly • Cuz we're pimp like that Yeah, it's like that

On the river • Yeah, I be a king • I'll be livin' the dream In ecstasy • You won't believe or seen a pimp like me

Yeah, I like to ride on the river • My big bad Cadillac

Machine Gun Vibrato

Written & composed by Beth Hart

Some like it hot • Some like it cold • Some want it fast
Some want it slow • But I can't help it • It's just the way that I flow
Machine gun vibrato • It's all that I know • It's all that I know

Some like it easy • Some like it hard • Some play it cool
Some show their scars • But I can't help it • It's just the way that I roll
Machine gun vibrato • It's all that I know
Let the dice roll, roll, roll, roll, roll, roll

Oooh, oooh! • Machine gun vibrato • It's all that I know
It's all that I know, know, know, know

Oh... • Some like to move • Some stay still • Some wanna love
Some wanna kill • Some stay and listen • Some start to scream
Some say I'm shit • But some say I'm king • But I can't help it
Every time that I sing • Machine gun vibrato • That is my name
That is my name, name, name, name, name, name, name

Oooh, oooh! • Machine gun vibrato ah, ah, ah
Oooh, oooh! • AAAAH! • It's all that I know

Thank You: My manager, David, once told me that no man is an island, and it is true that it takes more than an island of people to make one person's career and dreams come true. First, I'd like to thank my husband, Scott, my god, for standing by my side. David Wolff, my manager, who is the bomb.com and all love. Thanks to David Ibrahim, Gus, and Dr. Odom. I used to dislike Nashville, but now I wanna live in a trailer park outside what they now call NASHVEGAS. I'd like to dedicate this record to everyone who's ever called me out on my shit. Thank you to my family.
